New look to Old floor ! High Traffic Production Floor at Cascade Designs, Midleton, Co.Cork

Cascade Designs requested a floor coating solution from Complete Coating Services for their high volume traffic production floor area that has been subject to a lot of wear from wheels and chemical glues over the years.

We offered to supply them with a Hibuild Tikkurila Solvent Free Epoxy Resin systems that was tailored to their needs. Their manager Ken Cotter was delighted with the results as it had poured new life into a very old and jaded looking production area.

See our projects page on our web site for full details and photos.....

Tipperary Coop make investment into a facility Maintenance programme

Following consultations between Complete Coating Services and John Lewis, Plant Manager of Tipperary Coop, a plan for remedial work had been discussed following a detailed plant survey by Complete Coatings Services.

These works were completed in Dec 2010 & Jan 2011. EU Compliant Food Grade Coatings (complete with emission Classification certificates) were used on steel, tanks, walls & floors throughout the plant.

See our projects page on our web site for full details.....

Employee of the Year 2010 Leaves for Liverpool

Following an internal ballot among staff and some of our customers, Peter Long, employed with us for 6 years, has been voted Employee of the Year 2010. As a gesture of appreciation, we funded Peter and his Partner Karen a trip to see their favourite team Everton FC play Blackpool by way of appreciation for the work he carried out daily for our company. Everton Fc won 5:3 and despite the rumours around we can confirm that Peter did not score any of them!!!
